

3-D Liners

The original manufacturer of patented thermal box liners.

- Folds flat - takes up only a fraction of space compared to EPS coolers.
- Thermal Shield® Tough - Strongest, most durable box liners made today.
- Made to order - No mold costs & precise fit to your box.
- FDA approved for incidental food contact.

If you're looking for a durable, light-weight, flexible and cost-effective thermal insulating bag, look no further. Our standard box liner (shown on right) comes with side gussets, flush top and an easy peel & seal tape strip for closure. Can be made with up to 6 mil material with a variety of other [customizable options](#)
